girls who
code

Are you a girl in grades 6-12 interested in computers, apps, and coding? Join our sisterhood and learn to use computer science to change the world! When you join a Girls Who Code club, you will be able to learn from fun and simple online coding tutorials, build community through interactive activities and learn about inspiring role models. You will also have the opportunity to work as a team to create a Girls Who Code project that will impact your community in a positive way by solving a real world problem that you care about through code!

Join a Girls Who Code Club Today!

Presented by Project Excel of the Huntington Youth Bureau
